YWCA to Continue Working for Change

In this time of change and transition, YWCA Olympia remains resolute and focused on our mission to eliminate racism and sexism, empower women, and promote peace, justice, freedom, and dignity for all. We stand ready to work alongside 220 YWCAs in 47 states and D.C. with a new administration to continue to prioritize the safety and full equality of women and girls of color. We have worked for change since 1858 and we call upon all to join us as we persist in this effort in 2017 and beyond.

YWCA is on a mission to eliminate racism, empower women, stand up for social justice, help families, and strengthen communities. YWCA Olympia is part of an international movement serving over 2 million in the United States and 25 million worldwide.
